

Attention Drivers: 2017 Track Fuel

Pilot Thomas Logistics (formerly Simons Petroleum), has been in business for 71 years and is the premier provider of fuel, lubricants and chemicals to the Energy, Marine, Mining and Industrial Markets. It consists of 40 warehouses, over 3000 units in the fleet and located in 23 states with the headquarters based out of Fort Worth, Tx. Simons Petroleum originally took on the Sunoco Racing Fuel contract in 1988 and one of the first tracks to supply was Lebanon I-44 Speedway owned by Bill Willard and the Willard family. In 2017, once again, Pilot Thomas/Simons Petroleum is proud to be back again to supply Lebanon I-44 Speedway as the exclusive racing fuel. The products offered will be the Sunoco 110 Standard/Purple and the SPX Racing E-85. The excitement is high and the racing action will be tremendous. Pilot Thomas Logistics would like to thank the Lebanon I-44 Speedway staff, racers past and present as well as the loyal fans for supporting our products.

**All race fuel and E-85 used at track
must test the same as fuel offered
for sale at track !!!**
